Program:

Morale Problem? Who Cares?

“Well Chief, this department’s morale has never been lower!” How do you respond to that statement when it comes from your firefighter, Deputy Chief or City Manager? Is it time for concern or is it just whining? With the use of case studies, this presentation will explore the factors that affect morale and ways to measure and improve morale.

Fire Chief John Mullin

Littleton Fire Rescue CO.

Battalion Chief Dan Mullin

South Metro Fire Rescue CO.

Dan Mullin started his career in 1980 as a Reserve Firefighter for Littleton, Colorado. Two years later, he became a career firefighter with the City of Sheridan, Colorado. In 1985, he was hired by South Metro Fire Rescue. It is at South Metro that he has risen up the ranks and currently holds the position of Battalion Chief.

In 1974, John Mullin also began his career at Littleton. He worked his way up the ranks to Battalion Chief before taking the position of Fire Chief of the Woodlands (TX) Fire Department in 1998. In 2004, he returned to his home department to accept the position of Fire Chief in Littleton.

Both Dan and John have given presentation to fire and emergency medical conferences throughout the United States, including Fire Rescue International.

“Old Problems—New Solutions”

Mr. Rubin brings with him over 35 years in fire and rescue services. It began as a line firefighter, at age 21, in Washington DC and has been a company grade officer and command level officer and Chief of Departments in several major cities Norfolk, Virginia, Atlanta, Georgia and Washington DC.

Chief Rubin has been an adjunct faculty member of the National Fire Academy since 1983. He is a 1993 graduate of the National Fire Academy’s Executive Fire Officers Program. Chief Rubin is also an author, of a full-length book entitled **Rubes Rules for Survival**. He is also a long-standing contributing editor of Firehouse Magazine, writing more than 140 technical articles related to fire department operations, administration, training, and safety.
